Active Youth Participation

The ladder of participation - Roger Hart

Sociologist Roger Hart wrote a book called *Children's Participation: The Theory And Practice Of Involving Young Citizens In Community Development And Environmental Care* for UNICEF in 1997. This groundbreaking work put the work of young people and adult allies around the world in the context of a global movement for participation, offering needed guidance and criticism of many efforts. The "Ladder of Children's Participation," also called the "Ladder of Youth Participation," is one of many significant tools from the book.

11 Youth Goals

The **European Youth Goals** are an integral part of the European Youth Strategy. They are the outcome of the 6th cycle of the

Structured Dialogue with young people. They identify 11 cross-sectoral areas that affect young people's lives and point out which challenges need to be addressed.

European Youth Goals | European Youth Portal

The aim of the 6th cycle of the EU Youth Dialogue - Youth in Europe: What's next? which took place in 2017/2018 - was to collect voices of young people and contribute together to creating the EU Youth Strategy 2019-2027. As a result, eleven European Youth Goals were developed.
